BELLUSCURA LTD LAUNCHES SLYDE™ IN EU

Tekcapital plc (AIM: TEK), an international provider of technology and intellectual property services, announces that Belluscura Ltd (“Belluscura”) has launched its Slyde product in the European Union.

Slyde is a light and compact sled for moving its occupant safely down stairs or over rough ground in the event of an emergency evacuation. It provides a safe and efficient way to evacuate non-ambulatory individuals from any multi-storey building using the stairways. Slyde folds up and stores in stacks of up to five units in a storage sleeve. The sleeve can be wall-mounted for quick access in key locations. Slyde is sold in two sizes with a range of accessories designed to safely lower people in the event of an emergency evacuation.

Stephen Appelbee, Belluscura’s International Director of Global Sales said:

“We are delighted to make this important step towards becoming a truly international medical device company. Our first product, Slyde, is a good example of Belluscura’s mission to provide premium medical device products at affordable prices, and we expect it to be widely adopted by hospitals, schools, hotels and rescue services. We intend to use the expertise of local distributors in each region, starting in the European Union.”

Slyde is already available and selling in the USA.

About Belluscura:

Belluscura Limited is a global medical device company founded in Oxford, England. Its mission is to make healthcare more affordable for patients and their providers by providing proprietary medical devices across a wide variety of treatment and diagnostic disciplines. Belluscura’s products were originally developed by leading medical device companies or research centres, and with its unique business model it is able to offer these devices at affordable prices. To learn more about Belluscura please visit www.belluscura.com.

Tekcapital owns approximately 65% of the share capital of Belluscura.
